NOTICE TO THE PUBLIC

Subject: activation of the European Harmonised Number 116117 for the Out-of-Hours Medical Service (former Guardia Medica) – District 1

Residents of the Municipalities of Aprilia, Cisterna di Latina, Cori and Rocca Massima are hereby informed that, **with effect from 24 August 2026**, the telephone numbers used until now to contact the Out-of-Hours Medical Service (former Guardia Medica) of District 1 are replaced by the **European Harmonised Number 116117**.

From that date, to request a visit from the Out-of-Hours Medical Service doctor at night and on days before public holidays and on public holidays, citizens must dial only the number **116117**.

What 116117 is

116117 is the European Harmonised Number for access to non-urgent medical care. The call is free of charge, requires no area code and can be made from both landlines and mobile phones. An operator takes the caller's details and puts them in touch with the Out-of-Hours Medical Service doctor responsible for their municipality of residence or domicile.

Please note that **116117 does not replace the Single Emergency Number 112**, which must be used only in the event of a medical emergency.
